

CAROL LEIGHTON & ROBERT DORMAN

“I decided to be a part of the OneRochester campaign because **it allows me to show my support for the mission of the School of Nursing** in a different way. The process of educating Nurses and Nurse Practitioners is vitally necessary to the success of the Medical Center and Strong Hospital. Both operations are known for their exceptional medical professionals and staff, and the School of Nursing is a part of that reputation of success.”

Administrative Assistant
School of Nursing Master's Programs

“It is important to give back to the University of Rochester because it really has shaped my life and made me the professional I am today. I spent time on the River Campus in the late '80s as a political science major, and when I decided to change to nursing I was welcomed with open arms. The U of R has been part of my life for the past 27 years. **It is with gratitude and admiration that I support the OneRochester campaign.**”
