

SECURITY

TIP OF THE WEEK

Password Protection Reminders

- Never share your password with anyone
- If someone contacts you and asks you for your password on behalf of The University of Rochester, please contact your appropriate Helpdesk so we can investigate.
- Do not use the "Remember Password" feature of applications (e.g., web browser).
- Do not store passwords in a file on ANY computer system (including smart phones, thumb drives or any similar device) without encryption.

*Do you have ideas that should be shared as security tips of the week?
If so, please send them to UnivIT_SP@ur.rochester.edu*
