Why Use Voicethread? https://voicethread.com/research/

Create:

Upload, share and discuss documents, presentations, images, audio files and videos. Over 50 different types of media can be used in a VoiceThread.

Voicethread tool in Blackboard can be configured so that instructors create Voicethreads, students create Voicethreads, or both!

Comment:

Comment on VoiceThread slides using one of five powerful commenting options: microphone, webcam, text, phone, and audio-file upload.
Comments can be added by isntructors AND students.

Share:

Keep a VoiceThread private, share it with specific people, or open it up to the entire world.
Integration with Blackboard will automatically share your Voicethreads with only the students in your course.
