

# A Worldly View

*The results of  
the second  
Rochester Review  
Study Abroad  
Photo Contest are in.*

For this year's edition of our Study Abroad Photo Contest, we asked students to send us their best photos of the people and places they encountered while taking part in an overseas academic program recognized by the Center for Study Abroad and Interdepartmental Programs.

In response, we received 123 photos from 31 students who traveled to 27 different countries during 2009. Students submitted their photos in three categories: people, culture, and the physical world.

This year's grand prize winner receives a desktop printer from the Eastman Kodak Co. We also present prizes to the winner of each category and for each honorable mention.
