Ferris Wheelers' Day Off

DANDELION DAY: A Ferris wheel gives students a different view of campus during this spring's annual Dandelion Day festivities. With activities set up on the Wilson Quadrangle and the fields near the Goergen Athletic Center, the day featured carnival rides, food trucks, live bands, and games. The spring celebration was revamped a few years ago to take place on a Friday in late April with programming organized by the Students' Association. **PHOTOGRAPH BY ADAM FENSTER**
