Joel Seligman  
President  
University of Rochester  
Wilson Boulevard  
Rochester, NY 14627-0140

Proposal 2013-0629

Dear President Seligman:

This letter is in response to Associate Provost Adsit's correspondence of May 28, 2013, requesting registration of a proposed program leading to a Bachelor of Arts (B.A.) in East Asian Studies to be offered by the University of Rochester.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter ii of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2014. After that date, registration will be extended annually until the Department's next review is conducted.

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, I ask that you contact this office prior to initiating a significant change in the program.

We wish you and your colleagues success with the program.

Sincerely,

Barbara D. Meinert  
Coordinator

Joel Seligman  
Office of the President  
240 Wallis Hall  
University of Rochester  
Rochester, NY 14627

Dear President Seligman:

This letter is in response to Provost Kuncl's request to register a B.S. program in Audio and Music Engineering to be offered at the University of Rochester.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2014. Registration beyond this date is contingent upon our receipt and review of the following:

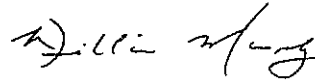

- Comprehensive report by August 1, 2014 that provides:
  - Student enrollment data for initial class admitted; including number enrolled, number retained to date, and student admissions data (GPA, SAT Average, ethnicity/race, etc.).
  - Number of planned admissions for fall 2014 semester by admissions category.
  - Number of employed full-time and part-time faculty in the program, indicating their credentials; please include information on any new faculty hired.
  - Number of additional faculty planned, including areas of expertise and anticipated hiring dates.
- Copies of relevant correspondence/reports to and from ABET, forwarded within 15 days of sending or receiving the information. Continued registration for this program is contingent upon the University obtaining EAC/ABET engineering accreditation at the earliest possible timeframe under ABET policy and procedures. Please submit a copy of the final accreditation report to this office.
- A copy of the excerpt that will appear in the University Catalogue and any other informational sources that informs the reader that the Audio and Music Engineering program is not ABET accredited and that graduates are not eligible to receive maximum education/experience credits as a "professional engineering program" toward New York

State licensure in professional engineering until such accreditation is granted. The University Catalog can state that it is seeking such accreditation. We will be happy to work with you on this statement.

New registration is required for any existing curriculum in which a significant change is made that affects its title, focus, design, requirements for completion, or mode of delivery. Therefore, prior to initiating a significant change in this program, I ask that you contact the Professional Education Program Review office at (518) 474-3817, extension 360, or via e-mail at [OPPROGS@mail.nysed.gov](mailto:OPPROGS@mail.nysed.gov).

I wish you and your colleagues success with this program.

Sincerely,

William Murphy  
Director

Dear President Seligman:

This letter is in response to your June 17, 2010 correspondence requesting approval of an *Optical Engineering* program leading to the Bachelor of Science degree to be offered by the University of Rochester.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2011. Registration beyond this date is contingent upon our receipt and review of any relevant correspondence/reports to and from ABET related to this program; reports should indicate that the University is taking necessary actions to obtain EAC/ABET engineering accreditation. Continued approval for this program is contingent upon the University obtaining EAC/ABET engineering accreditation at the earliest possible timeframe under ABET policy and procedures. A copy of the final accreditation report for the program must be submitted to this office.

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, prior to initiating significant changes to this program, please contact this office. We wish you and your colleagues success with the program.

Sincerely,

Leonard Lapinski

Joel Seligman  
President  
University of Rochester  
601 Elmwood Avenue  
RC Box 270011  
Rochester, NY 14627

Dear President Seligman:

This letter is in response to Ralph W. Kuncel's correspondence of October 28, 2009 requesting registration of a proposed *Archaeology, Technology, and Historical Structures* program leading to the Bachelor of Arts degree to be offered by the University of Rochester.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2011. After that date, registration will be extended annually until the Department's next review is conducted.

This approval is with the understanding that the University will make explicit to prospective students that this is not a professional program in architecture or engineering and does not prepare graduates for licensure in either of those professional areas.

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, prior to initiating a significant change in the program, we ask that you contact the Professional Education Program Review office at (518) 474-3817, extension 360, or at [OPPROGS@mail.nysed.gov](mailto:OPPROGS@mail.nysed.gov)

We wish you and your colleagues success with the program.

Sincerely,

Leonard Lapinski

Joel Seligman  
President  
University of Rochester  
Rochester, NY 14267

Dear President Seligman:

This letter is in response to Provost Kuncel's correspondence dated July 16, 2009 requesting approval of an *Alternative Energy* program leading to the Master of Science degree at the University of Rochester.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2010. After that date, registration will be extended annually until the Department's next review is conducted.

Please note that the Department considers this an interdisciplinary engineering program due to the combination of science and engineering related content; thus, graduates of the program are not eligible to receive one year of education/experience credit toward the 12 credits required for licensure. New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, I ask that you contact this office prior to initiating a significant change in the program.

I wish you and your colleagues success with the new program.

Sincerely,

Leonard Lapinski  
Director
