Arrival to campus by shuttle bus, hotel shuttle, taxi or Uber

A UR shuttle bus will be available at the airport to take you directly to campus. The shuttle will be running 9 a.m. to 7 p.m. Look for UR signs in the baggage claim area. You will be brought to the Rush Rhees Library where you will unload your belongings and bring them into the iZone. If you are arriving by taxi, hotel shuttle, or Uber, you should instruct your driver to take you to Rush Rhees Library on Library Road on the University of Rochester campus. Taxis and Ubers typically cost between $15 - $25. You will unload your luggage and bring it into the iZone, as well. Welcome Week volunteers will be available to assist you with this process. Once your luggage has been secured, you will walk down to the Field House where the University Health Service (UHS) has set up a testing and vaccination clinic. Once you have completed the UHS requirements, you will be issued a purple wristband indicating compliance. You will then return to the iZone to claim your luggage and proceed to your residence hall area for Residential Life Check-In. Susan B. Anthony, Genesee, Lovejoy, Tiernan, Gilbert and Hoeing Halls are all within a short walking distance. If you are a transfer student living in non-first year housing, you will be able to get help from the Welcome Week volunteers and transport to your residential area for check-in. Once in the area, there will be student helpers to help you get your belongings to your room.
