Course Description

Advanced Stage Management Practicum is intended for student Production Stage Managers (or Asst. Production Stage Managers) testing stage management skills through management of complex interdisciplinary processes with diverse stakeholders.

Lab Techniques

Labs for the Practicum are constituted from, and consist of the implementation of strategies and techniques for the management of rehearsals and the implementation of processes decided in pre-production conferences with stakeholders.

Course Evaluation

Work is evaluated via input from all production stakeholders (faculty, guest artist, staff & student) and overseen by the Practicum advisor/Artistic Director of the Theatre Program. Grading is in accordance with Theatre Program rubrics.
