e-access-vpn/](https://tech.rochester.edu/services/remot<br/>e-access-vpn/)**

## Remote Access (VPN)

 **IT Maintenance – Cisco Anyconnect Client 4.9.03047**  
[Read More](#)

A Virtual Private Network (VPN) is used to access restricted University resources from off campus through a secured Internet connection. Faculty, staff, and students with a current, active relationship with the University can use VPN. University resources that do not require VPN to access remotely include email, SharePoint, and most library resources.

REMOTE ACCESS - VPN
