University of Rochester Open Enrollment 2020

Welcome to the Open Enrollment Period for 2020 Benefits

The annual Open Enrollment period for University of Rochester 2020 benefits will be held from **Friday, November 1 to Friday, November 15**.

ALEX Tool

Picking the right benefit plans can be a challenge. Which medical and dental plans are best for me? How much should I contribute to my FSA? Does an HSA make sense for me? These decisions are important, and a lot goes into making the right choice.

To make the process easier, start by using the interactive and easy-to-use 2020 ALEX tool, found at rochester.edu/totalrewards/video. ALEX will ask a few questions (e.g. who will be covered on your plan, what types of services do you think you will need throughout the year, etc.) and will provide a customized cost comparison for each of the plans. ALEX will also walk you through a few scenarios to better explain how your benefits work.

Duo Security

To log in to HRMS from computers not connected to the University network, you must be enrolled in Duo Two-Factor Authentication. Visit tech.rochester.edu/services/two-factor-authentication and use your NetID and password to enroll in Duo for HRMS. As soon as you are enrolled, Two-Factor Authentication will be active. Contact the IT Help Desk at (585) 275-2000 with any questions (eligibility does apply).

FSA and HSA

FAQs*

I am happy with my benefits; do I need to do anything?

Your health care, dental, and life insurance coverage will roll over into 2020 if you do not take action to make changes. Your HSA and all types of FSAs require action if you'd like to continue to contribute in 2020.

I have never elected VSP Vision Care, but have used the vision benefits in my health care plan; is this still an option?

No, your health care plan will no longer include vision coverage. If you need vision coverage in 2020, you may wish to visit VSP.com for coverage options.

What is the Accountable Health Partners (AHP) network?

AHP is a panel of University of Rochester Medical Faculty Group providers and carefully selected community partners. When you use an AHP Provider (tier 1) you will have a lower deductible, copay, coinsurance, and out-of-pocket maximum than when using tier 2 and tier 3 providers. Please note, all AHP Providers are also in the Aetna and Excellus national networks. To find an AHP Provider, go to www.ahpnetwork.com/search-provider/.

If I had an FSA in 2019, but do nothing during Open Enrollment, what will happen?

Your 2019 FSA election does not automatically roll over to 2020, so you'll need to elect your 2020 contribution amount during Open Enrollment. You may not change your annual contribution amount after it has been elected unless you experience a corresponding qualifying event during the year.

What happens if I have remaining funds in my Health Care FSA or Limited Purpose FSA at the end of the year?

If you are electing to contribute to a Health Care FSA or Limited Purpose FSA in 2020 (minimum election is \$100), then you will be eligible to have up to \$500 of your remaining 2019 funds roll over to 2020. If you do not make an active election for either type of FSA, then any unused 2019 funds will be forfeited. You will have until April 30, 2020 to submit remaining claims from 2019.

* Eligibility requirements apply for all benefits offered. Employees are encouraged to check eligibility to confirm which benefits are offered to them.
