## Committee Member Responsibilities

The IRBC is responsible for assigning submissions that require Committee Review to a scheduled Committee Meeting. When a submission is added to an agenda, the IRBC will also assign the submission to a Committee Reviewer (i.e., primary or secondary reviewer). You will receive an email notification when:

- You have been assigned as a Committee Reviewer to a submission.
- A Committee Meeting Agenda is finalized and sent to Committee Members.

#### Prior to the committee meeting:

- <u>All</u> Committee Members are responsible for:
  - > Conducting a comprehensive review of <u>each</u> agenda item. To perform this review see:
    - Review a Study or Follow-On Submission for all new studies, MODs, CRs, MODCRs & RNIs
    - <u>Review Other Agenda Items</u> for all other agenda items.
  - Confirming meeting attendance.
  - Reviewing the <u>Expedited Report</u> and previous <u>Meeting Minutes</u> (if available).
- Committee Members assigned as Reviewers are further responsible for being prepared to present a summary of the submission and provide board determination recommendations at the time of the Convened Meeting. To facilitate this, for each assigned submission, Committee Reviewers should:
  - Complete a <u>Reviewer Worksheet</u> to document their review of the submission; and
  - Upload completed worksheets and any revised study documents (e.g., tracked consent forms or recruitment materials) via <u>Review Comments</u>.

**Note**: If a Committee Reviewer or Committee Member identifies missing information or clarifications that require action <u>prior</u> to committee review, the Reviewer/Member should communicate such issues to the IRBC via <u>Private Comment</u>. Committee Reviewers/Members should <u>not</u> select 'Request Clarification by Committee Member'. Doing so will send requests <u>DIRECTLY</u> to the study team. Furthermore, this activity only allow study team members to provide a written response; it does <u>not</u> allow them to edit the submission form or study documents.
