Horizons at Warner thrived this summer– thanks to you!

Success Stories...

#1 An overwhelming 75% of students improved by 1 or more reading level!

*We have exceeded in our efforts to prevent summer regression by providing students access to high quality children's literature and **authentic learning experiences** with outstanding teachers.*

#2 The retention rate from 2017 to 2018 was 95%!

*Planning and implementing enriching learning experiences **motivates students** to not only attend daily but to return each summer.*

#3 Over 72% of our students improved by 1 or more swim level!

Since increasing our **Red Cross Certified Swim Lessons** from 30 minute to 1 hour sessions, we have seen drastic improvement in student achievement.

#4 Our daily attendance rate came in at 90%!

Regularly **communicating** the importance of attendance to our families and developing programming that excites the students makes all the difference.

Fun Facts:

12 -- The number of Teacher Assistants that **graduated** from the Horizons at Warner program and now work for us full-time.

14 -- The number of **educational** and theme-relevant experiential field trips Horizons at Warner took this summer.

18 -- The number of **live animals** that visited Horizons at Warner during daily presentations by animal experts in the first week!

65 -- The number of **guests** that attended Horizon at Warner's **Amazing Animal Athenaeum**, allowing students to demonstrate research and creative designs involving chosen theme animals.

Thank you to everyone that came out to support our students!
